Enrolment on Tuesday 15 October (in-person)

## What to expect:

This course will focus on domestic retrofit

### What is domestic retrofit?

Retrofitting is improving an existing building to increase energy efficiency and reduce waste.

### What will you learn?

- Types of building fabric
- Key concepts of retrofitting
- Domestic retrofit materials and processes.
- Overview of installation methods for walls, roofs, floors, windows and doors.
- Health and Safety - identifying and reporting issues and risks

### Practical information

The course is delivered and accredited by Capital City College Group:

- Week 1 and 2 will be in-person at the Green Skill Hub, Parkhurst Road, N7 0NU
- Week 3 will be in-person at CONEL, Tottenham Centre, High Road, N15 4RU
