

HOLLOWAY PARK

PROJECT UPDATE

July 2023

Dear Neighbours,

Thank you to all those who attended our Community Drop-In Session on Tuesday 18th July. It was nice to meet more of our neighbours and speak with some of you about the work we are doing on site.

We're making great progress on site and you can read more about the work we've recently completed and what's coming up next in this newsletter.

-The Holloway Park Team

STAY UP TO DATE WITH COFFEE & CAKE!

We're thrilled to have welcomed Julie to the Holloway Park team. Julie has been working for Peabody for 9 years and has recently joined our Holloway team. Please give her a friendly smile if you see her out and about.

Julie is keen to get to know our local residents, so she'll be **opening the doors to our office from 2:30pm – 4pm on the 1st Wednesday of every month, starting from 2nd August**. If you have any questions or are looking for more information on the work we're doing, please do come along!

THE LANDMARK CHIMNEY HAS DISAPPEARED!

On Thursday 17th July, we reached a construction milestone when we removed the largest chimney on site. The chimney was around 100ft tall and our team worked safely and carefully to take it down, using high tech machinery.

This chimney has long been a landmark in Holloway so it's bittersweet for us all to see it go.

PROGRESS CONTINUES ON SITE

Across the wider site, we are pleased to share that our demolition works have been progressing well. This month we have continued work to remove Blocks D and 2 and have continued to process excess demolition waste to make way for removal of the old building's foundations.

UPCOMING WORK

Next month, we will continue to remove the slab and foundations of the old buildings. Wherever possible we will continue to separate out materials that can be reused on site or recycled.

STAY UP-TO-DATE

We hope you are finding our regular newsletter useful. Please do let us know if you would like to receive them by email by contacting us at Hollowayparkinfo@londonsquare.co.uk

In addition to our newsletters, we are setting up a new website where you will soon be able to easily find information about the work we're doing at Holloway Park and contact information for our team.

Sustainability in Construction

In partnership with The Skills Centre, we recently piloted a Sustainability in Construction Course. The programme brought together women, ex-offenders and under-represented groups and addressed skills shortages facing the built environment, particularly in the interiors and green skills sectors. Participants achieved an accredited qualification in health & safety, environmental awareness and sustainability and CSCS cards. Congratulations to all of those who completed the course!

Thanks to all those who supported and took part in our Sustainability in Construction Course.

CONSTRUCTON WORKING HOURS

0800 – 1800 Weekdays

0800 – 1300 Saturday

If you wish to speak to the Council about this project, please contact Islington Council Construction Monitoring Team:
