Re: Upcoming works, Holloway Park Site, Parkhurst Road, N7 0NU

We are writing to update you on the upcoming construction works at Holloway Park. From next week, starting on 22nd of January, we will begin work on the transfer of pile crush material located in phase 1 (as outlined in black on the image below) to phase 2 (as outlined in blue). This will take approximately 6-8 weeks and is required to allow phase 1 works to commence in the next few months.

Sound and dust monitors are in place to make sure the impact of this work does not exceed agreed limits and our community officer is available for any questions you may have. Please see the diagram below.

A UNIQUE COLLABORATION

If you would like more information or have any queries or questions relating to this letter, please contact us on the email or telephone number below.

Yours faithfully,

Laura Romero
Community Liaison Officer
Holloway Park
