

HOLLOWAY PARK *community*

Project Update
April 2024

Dear Neighbours,

We hope you enjoyed your Easter holidays and you had a good break. Here at Holloway Park we've been busy. The women's building feasibility study is now available to read, so if you are interested in what we have found out you can see it on our website under the useful information tab. We have also completed our first edition of Green skills with great success. Nine students will receive a Level 1 certificate in Health and Safety and Level 2 in Retrofit. We are now working to deliver the second edition of Green Skills in June and also to diversify the topics taught by offering complementary courses. If you are interested in the courses, please visit our community noticeboard section on the website. We will be updating it as new offers become available.

Change to drop-in sessions

In response to requests our drop-in sessions will take place in the evening every other month so neighbours that are busy during earlier hours can come along too. April was the first month for our evening drop-in session.

The next **drop-in session** will be on **May 1st from 2:30pm to 4pm** at **Holloway Park Site Office** but we can always be reached at the contact details provided overleaf.

Walking Art Workshop

Last month we attended one of the walking art sessions at Hilldrop Community Centre. We painted, explored different angles and materials to create art inspired by our environment.

The art workshop runs for 5 sessions and welcomes absolute beginners. Next workshops will start on the **17th of April and 5th of June. From 10am to 12.30pm.** Meet in the Small Hall. Please arrive promptly to take part in planned walks.

For information and to register please email helen@cutmoose.com

Progress on Site

Our works to set a welfare/office on site are now completed. The temporary haul road has been finalised and will allow us to move materials through site more efficiently. You can see the finalised work in the pictures below.

Upcoming Work

The Groundwork and Frame contractor start date on site has been delayed. Piling works have started on the 2nd of April and will continue for 2 weeks. Main works are expected to start on the 6th of May.

Construction Working Hours

0800 – 1800 Weekdays
0800 – 1300 Saturdays

Women in Construction Apprenticeship Day

Want to start your career in construction? You can now apply to different range of opportunities happening in Holloway Park. From roles in logistics and administration to foam works.

Join us **next Thursday 25th of April, between 9:30am and 1pm at Holloway Park Site** (address in contact details). Access employment support, career guidance and be the first to know about the upcoming apprenticeship opportunities on site.
