

HOLLOWAY PARK

PROJECT UPDATE

November 2023

Dear Neighbours,

Thank you to all who came to meet us for the November drop-in session, and for your questions on a variety of topics including green features at Holloway Park and the progress taking place on site.

Our next community drop-in session will be at the Holloway Park Site Office on Wednesday 6th December, from 2:30pm – 4pm.

We are currently exploring the possibility of a themed drop-in event, whether it be on the women's building, site heritage, or future landscaping. If there is anything you like our drop-ins to focus on, or a topic you would like to know more about, please do let us know!

Stay up to date with everything happening at hollowayparkcommunity.co.uk.

The Holloway Park Team at St Lukes' Eco-Fair!

Holloway Park help out at Eco-Fair

On Saturday 14th October, St Lukes' church in Hillmarton Road held an Eco-Fair to reach out to the local community and to showcase some of the activities which go on at St Lukes, including singing, gardening, and their eco-group.

The Holloway Park team helped out with the tombola for the day, as well as meeting local residents and discussing the development. In total, £600 was raised which will go toward the running costs of St Lukes. To find out more about them, visit their website at www.saintlukeschurch.org.uk.

PROGRESS ON SITE

Demolition on site has continued to progress well, and we are pleased to let you know that we are now entering the final few weeks of work. As we move towards the end of construction, we will continue to update you on current and upcoming works on the site.

UPCOMING WORK

Over the coming weeks, the final section of the old prison wall, behind Bakersfield Estate, will be removed. The new site hoarding will be completed around the perimeter of the site by Friday 27th November, to insulate works from our neighbours.

In addition, we will be introducing our new welfare cabins, which will be located at the centre of the site before Christmas.

We continue to thank our neighbours for your patience and cooperation throughout the demolition process, as we work towards its conclusion.
