

# HOLLOWAY PARK *community*

**Project Update**  
July 2024

## **Dear Neighbours,**

June has been a busy month on site, as the photographs to the right show. Our Green Skills Hub has been receiving quite a few visits from organisations looking to book the space for future workshops to benefit Islington residents.

Looking forward, we are pleased to announce that the Early Doors agreement, with TFL, will be rolled out over the coming months, which will have a direct and positive impact for local residents. The initiative will see a change to the site's approach to access for HGV's (Heavy Goods Vehicle) by allowing a set number of vehicles to arrive on site early, following strict protocols. This will have a number of benefits including improving overall safety in the area for neighbours, easing congestion and reducing obstructions to local roads, bus routes and cycle lanes, decreasing driver stress and positively influencing air quality.

We are looking forward to seeing the impact of this change in the coming months and encourage those of you who would like to find out more details to visit [ccsbestpractice.org.uk](https://ccsbestpractice.org.uk).

The next **drop-in session** will be on **August 7th from 5pm to 7pm** at **Holloway Park Site Office**, but we can always be reached at the contact details provided overleaf if you want to talk to our Holloway Park Team before then.

## **Exploring Careers in the Green Industry**

In partnership with Adult Community Learning Islington (ACL) Islington, we are glad to offer this free course at Holloway Park.

Discover your future with "**Exploring Careers in the Green Industry**" an entry-level course for adults. Learn about: Sustainable practices, Renewable energy and Eco-friendly career opportunities.

Whether you're changing careers or just starting out, this course will help you find your path in this growing field. Join us and start building a greener future today!

**Monday 15<sup>th</sup> July 10am-1pm - Holloway Park Training Centre, Parkhurst Rd, N7 0NU**

To book a place call or WhatsApp to Lauren D. on 07971 613123

## Meet the Community: Nature Neighbourhoods

The Islington Octopus Community Network is running meetings with residents to explore ideas on encouraging biodiversity in Islington and improving wildlife habitats.

The group, run by Julie and Rosie (pictured left), meets with interested residents to see what people envision for the future. The local Tufnell Park group met on 28th May to discuss ideas to improve the local environment.

### Progress on Site

- Our first crane TC1 is erected. You can see it close to Camden Road.
- Piles & drainage excavations on block C & D are now completed.
- We are currently doing cage reinforcement installation.
- TFL 'Early Doors' agreement in place to reduce congestion on Parkhurst Road.

### Upcoming Work

As part of our 60-month period for phase 1 delivery we are continuously reducing piles in the ground, cutting them down to size. TC2 and TC3 to be erected in July.

The group included representatives from 'Islington in Bloom,' local residents who have worked to improve estates, and those passionate about making things better by encouraging nature and increasing planting in Islington.

If you are interested in planting, wildlife, or just improving the local environment, you are welcome to join the group and share your ideas. The next meetings will be:

Saturday 13th July, 11am – 2pm, Hilldrop Community Centre, N7 0JE

### Construction Working Hours

0800 – 1800 Weekdays  
0800 – 1300 Saturdays
