

HOLLOWAY PARK *community*

Project Update
November 2024

Dear Neighbours,

As we move forward into November, we want to share some major milestones achieved in Phase 1. Our four cranes are now fully erected and in action, with notable progress on Block C near Parkhurst Road. The site is buzzing with activity as we advance towards our goals.

We're also continuing to promote our apprenticeship programme. We're particularly keen on encouraging more women to enter the sector, where they remain underrepresented. This is a unique opportunity to work locally and help shape the future of our community.

Last month, Julie, from Peabody, and Laura, community officer at Holloway Park, attended St. Luke's Church Eco Fair to support the tombola stall. This is an opportunity for the church to open its doors to the local community and we really enjoyed meeting everyone on the day. If you have a community event you would like to tell us about, please get in touch.

Work Experience Week leads to employment

Through our collaboration with the OHOB Academy, we held a work experience week, offering participants a firsthand look at various roles on a construction site. As a result, one resident started this week as a trainee site supervisor. Additionally, Islington delivered their E3 course on green careers, further supporting our mission to develop skills for a sustainable future.

Green Skills Hub

We've also delivered two Level 2 Retrofit courses in October. Participants not only gained valuable knowledge but also earned a Level 1 in Health and Safety and received training for the CSCS card test. The CSCS card is an essential requirement to work on construction sites

The next **drop-in session** will be on **December 4th from 5pm to 7pm** at **Holloway Park Site Office**, but we can always be reached at the contact details provided overleaf.

"Visualising Women in the Justice System through Public Art"

We are delighted to invite you to an upcoming event that offers an evening of dialogue, inspiration, and community reflection. This talk will delve into the transformative power of public art and placemaking in reshaping how women in the justice system are seen and supported within their communities.

This evening will feature speakers from community campaigns, developers, public art initiatives, and artists using their work to spotlight the stories of women with lived experiences in the justice system. Together, we'll explore how public art can reshape environments, foster empathy, and encourage community-wide change.

If you are interested in a career in construction, we need you!

We're actively recruiting apprenticeships at **Holloway Park**, a major construction site on Parkhurst Road. Whether you're interested in office-based roles like logistics or engineering, or hands-on positions such as plumbing, electrical installation, carpentry, brickwork, tiling, and more—there's something for everyone! iWork, from the Islington borough, will guide you through the application process and even support you in getting the necessary qualifications to succeed.

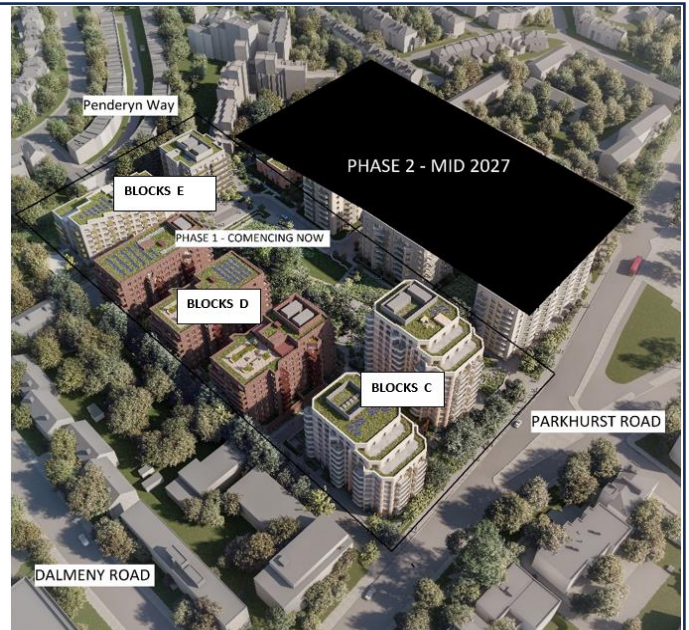

To find out more or apply, send your CV to Wahidul.Islam@islington.gov.uk today! You can also find these opportunities on Islington Working and, in the 'Islington Working' newsletters.

Progress on Site

- Drainage started on roadway next to block C2.
- Block C is currently at level 1.
- Block D is at ground floor and starting level 1.
- Block E2 is at ground floor.
- Roadway formed between D3 & E1.

Upcoming Work

- Drainage has commenced along the road from gate 3 to block E.
- Block C frame level 2 & 3.
- Block D frame level 2.
- Roadway to gate 3.
- Block E ground slab & 1st level Slab.
