

HOLLOWAY PARK COMMUNITY

Project Update – October 2025

Dear Neighbours,

MILESTONE – TOPPING OUT

We recently celebrated a major milestone at Holloway Park — the *topping out* of Phase 1! This marks the completion of the concrete frame structures across the first phase of the development.

To mark the occasion, the project team came together with our partners and contractors for a small ceremony on site.

The completion of the concrete frames brings us one step closer to delivering new homes. We look forward to sharing more progress with you soon.

Representatives from London Square, Peabody, Islington Council and GLA

Next Drop-In Session
will be the **5th of November**
between 14:30pm to
16:30pm

Green Skills Hub - Available for Community Use

Did you know our Green Skills Hub is available for residents and groups to use free of charge? We're proud to offer this flexible space to support community activities such as:

- Meetings and workshops
- Book clubs
- Yoga or Pilates classes
- Training sessions
- Other local interest groups

If you would like to find out more and make a booking, please get in touch.

ANDA – BUILDING HER FUTURE AT HOLLOWAY PARK

Anda, a Logistics Operative and Hoist Driver with Pure Logistics, has been part of the Holloway Park project for two years — and was proudly the company's first employee. Starting as a Welfare Operative and later a Supervisor, she's worked her way up through determination and a passion for construction.

"I love that every day is different and fast-paced — you're always learning something new," she says. Her days start with briefings and site walks, checking safety points and operating the hoist to keep materials and people moving efficiently.

Now studying for her NVQ Level 5 in Assistant Site Management, Anda aims to become a Site Manager. Working in a male-dominated field doesn't intimidate her — she enjoys the teamwork and appreciates the supportive mix of women at Holloway Park.

As a single mum and non-native English speaker, Anda has faced challenges, but her drive keeps her moving forward. One proud moment was when her daughter, who's studying civil engineering, visited her on site: "Seeing her watch me at work made me so happy — I felt proud to be her role model."

With gratitude to Jude and Barry from Pure Logistics for their support, Anda continues to grow in her career — proving that with hard work and passion, progress is always within reach.

PROGRESS ON SITE

- All blocks: Concrete Frame Completed
- Block D1 – D3: Internal fit out up to level 5 and façade works in progress
- C1 & C2: façade works started

UPCOMING WORK

- Block D1 - D3: Scaffolding, brickwork and SFS, as well as internal fit out
- Block C1 & C2 - Scaffolding, brickwork and SFS . Internal fit out starting
