

HOLLOWAY PARK COMMUNITY

Project Update – May 2026

Dear Neighbours,

CELEBRATING POSITIVE RECOGNITION AT HOLLOWAY PARK

Holloway Park has been awarded a Bronze National Site Award by the Considerate Constructors Scheme (CCS). The award recognises the team's commitment to maintaining a safe, respectful and well-managed site throughout construction while also helping to minimise disruption for our local residents and businesses.

The Holloway Park team was also Highly Commended at the RESI Awards for Social Impact Initiative of the Year for the Green Skills Hub. The Green Skills Hub supports local training, skills development and employment opportunities linked to sustainability and construction while also helping to create long-term benefits for the wider community.

These achievements reflect the hard work and dedication of everyone involved in the project and we would like to thank residents for their continued patience and support as works progress at Holloway Park.

Drop-In Sessions at our
project office N7 0AF

CREATIVITY AND WELLBEING ON SITE

This month, we hosted an art workshop led by our resident local artist, Helen, for our workforce on site as part of our mental health and wellbeing initiative.

The session gave everyone a chance to step away from work for a little while, have fun, and look at their surroundings from a different perspective. It encouraged people to slow down and notice the beauty in small, often overlooked details around them.

The workshop got people talking, laughing, and connecting with one another in a creative environment, while also producing some beautiful artwork that reflected their different perspectives and experiences on site.

We look forward to continuing these workshops on a monthly basis to keep encouraging creativity, wellbeing, and connection across the site.

LOCAL EVENTS
